

LOCAL LOOK NAPLES KITCHEN & BATH

Naples Kitchen & Bath is a full-service design-build firm specializing in medium- to large-sized residential renovation projects. We work with individual homeowners and can partner with their interior designer or architect to renovate a condo or single family home here in Southwest Florida.

At Naples Kitchen & Bath, our entire team works to ensure your renovation runs smoothly, finishes on time, and exceed all of your expectations. Our team has over 100 years of combined industry knowledge, and we apply every bit of that teamwork and experience to each renovation project we take on. In this industry, such a combination of experience and the foresight it brings can be hard to find.

We recently used our team experience to renovate our showroom and design center. In addition to replacing the floors and lighting throughout the space, we reconfigured the main floor plan, updated the conference room, kitchen and master suite displays, and built custom shelving for the samples in our selection center. We also installed seven beautiful vanity vignettes that highlight the selection of styles that work within the coastal color palette we love here in sunny Florida.

Winning the 2019 Sand Dollar Award for best Showroom under \$1,000,000 means a lot to our entire team. Both our field and office staff contributed greatly to this project. To be recognized by our local industry peers is a great honor and a fantastic way to kick off the upcoming season!
